

RTE's Higher Ground - The search is on for new participants.

Last summer saw the introduction of RTE One's rural entrepreneurial series "Higher Ground". The innovative series selected eight aspiring rural entrepreneurs from across Ireland and helped them to bring their business ideas into reality with the help of mentors Paul Mc Carthy, Teagasc and Peter Young, Farmers Journal.

Perhaps you might know someone in Rural Ireland with a business idea, drive and determination that could benefit from participating?

If so they can make contact with Good Company Productions on 057-9323847 or email higherground@goodcompany.ie for more information.
